**Australia - Fat Louis Toumbas and his litany of lies
against local farmers and beef processors**

05 Aug 2012

Fat Louis Toumbas has modelled his attack on the local meat works on the strategy of Adolf Hitler and Joseph Goebbels "If you tell a lie big enough and keep repeating it, people will eventually come to believe it"

"If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the state can shield the people from the political, economic and/or military consequences of the lie.

Later, [Joseph Goebbels](#) put forth a slightly different theory which has come to be more commonly associated with the expression "big lie." Goebbels wrote the following paragraph in an article dated 12 January 1941, 16 years after Hitler's first use of the phrase "big lie," titled "Aus Churchills Lügenfabrik" and translated "From Churchill's Lie Factory." It was published in *Die Zeit ohne Beispiel*.

The essential English leadership secret does not depend on particular intelligence. Rather, it depends on a remarkably stupid thick-headedness. The English follow the principle that when one lies, one should lie big, and stick to it. **They keep up their lies, even at the risk of looking ridiculous.**

It's a FAKE!

From the Fat Louis Toumbas website.

I live 1.2 kilometres from Beenleigh abattoir & I Have a hangover

"Five years ago I did not even know what hangover was. Then suffering from severe headache, raging temperature, sweats and feeling like death warmed up I was admitted to hospital for 10 days and was diagnosed with alcohol abuse.

I did not work in a position that exposed me to the Q fever risk. No-one at work developed Q fever. Fat Louis suggested I could claim money by calling my hangover Q Fever an Infectious disease.

Obviously my big benefit was I reside less than a kilometer from where they unload the cattle truck trains.

Not everyone's symptoms are severe, how many people have been diagnosed or thought they had the flu. Louis reckons we can claim millions from the local abattoir.
